This notice imposes no new reporting or recordkeeping provisions that are subject to Office of Management and Budget review in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3507). National Average Minimum Value of Donated Foods for the Period July 1, 2000 Through June 30, 2001

This notice implements mandatory provisions of sections 6(c), 14(f) and 17(h)(1) (B) of the Richard B. Russell National School Lunch Act (the Act) (42 U.S.C. 1755(c), 1762a(f), and 1766(h)(1)(B)). Section 6(c)(1)(A) of the Act establishes the national average value of donated food assistance to be given to States for each lunch served in NSLP at 11.00 cents per meal. Pursuant to section 6(c)(1)(B), this amount is subject to annual adjustments as of July 1 of each year to reflect changes in a three-month average value of the Price Index for Foods Used in Schools and Institutions for March, April, and May each year (Price Index). Section 17(h)(1)(B) of the Act provides that the same value of donated foods (or cash in lieu of donated foods) for school

SUMMARY: This notice announces the value of donated foods or, where applicable, cash in lieu thereof, to be provided in the 2001 school year for each lunch served by schools participating in the National School Lunch Program (NSLP) or by commodity only schools and for each lunch and supper served by institutions participating in the Child and Adult Care Food Program.

EFFECTIVE

lunches shall also be established for lunches and suppers served in the Child and Adult Care Food Program. Notice is hereby given that the national average minimum value of donated foods, or cash in lieu thereof, per lunch under the NSLP (7 CFR part 210) and per lunch and supper under the Child and Adult Care Food Program (7 CFR part 226) shall be 15 cents for the period July 1, 2000 through June 30, 2001.

The Price Index is computed using five major food components in the Bureau of Labor Statistics' Producer Price Index (cereal and bakery products; meats, poultry and fish; dairy products; processed fruits and vegetables; and fats and oils). Each component is weighted using the relative weight as determined by the Bureau of Labor Statistics. The value of food assistance is adjusted each July 1 by the annual percentage change in a three-month average value of the Price Index for March, April and May each year. The three-month average of the Price Index increased by 1.9 percent from 129.37 for March, April and May of 1999 to 131.78 for the same three months in 2000. When computed on the basis of unrounded data and rounded to the nearest one-quarter cent, the resulting national average for the period July 1, 1999 through June 30, 2000 will be 15 cents per meal. This is an increase of 0.25 cents from the school year 2000 rate.

In addition to the 15 cents per meal, Congress has authorized additional funds to be used to purchase foods under section 6(e) of the Act (42 U.S.C. 1755). Therefore, for this school year, schools will receive more than 15 cents per meal in commodities.

Section 14(f) of the Act provides that commodity only schools shall be eligible to receive donated foods equal in value to the sum of the national average value of donated foods established under section 6(c) of the Act and the national average payment established under section 4 of the Act (42 U.S.C. 1753). Such schools are eligible to receive up to 5 cents per meal

of this value in cash for processing and handling expenses related to the use of such commodities.

Commodity only schools are defined in section 12(d)(2) of the Act (42 U.S.C. 1760(d)(2)) as “schools that do not participate in the school lunch program under this Act, but which receive commodities made available by the Secretary for use by such schools in nonprofit lunch programs.” For the 2001 school year, commodity only schools shall be eligible to receive donated food assistance valued at 34 cents for each free, reduced price, and paid lunch served. This amount is based on the sum of the section 6(c) level of assistance announced in this notice and the adjusted section 4 minimum national average payment factor for school year 2001. The section 4 factor for commodity only schools does not include the two cents per lunch increase for schools where 60 percent of the lunches served in the school lunch program in the second preceding school year were served free or at reduced prices, because that increase is applicable only to schools participating in the NSLP.

Authority: Sections 6(c)(1)(A) and (B), 6(e)(1), 14(f) and 17(h)(1) (B) of the Richard B. Russell National School Lunch Act, as amended (42 U.S.C. 1755(c)(1)(A) and (B) and 6(e)(1), 1762a(f), and 1766(h)(1)(B)).
Dated: July 12, 2000.

Samuel Chambers, Jr.,
Administrator.
